HOLLOWAY'S PILLS. I HIS Medicine is universally admitted I to be the most efficacious remedy known to the world. No preparation is so suitable to the climates of India and China as this fine and invigorating medicine. It is particularly adapted to the constitution of European ladies, as it is never failing in its effects in all diseases peculiar to females, while those who are attenuated by the debilitating effects of the above climates will find in this wonderful remedy a kind of talisman whereby they may insure a restoration to robust health

HULLOWAY'S OINTMENT, The science of Medicine has never before produced any remedy that can be compared to this wonderful Uintment, as it cures after all other means have failed, all wounds, sores, ulcers, and also the most inveterate skin diseases peculiar to the climates of India and China, It is the true friend of the Soldier and Civilian, as certain old sores can be removed by it that LEAD and METALLIC COFFINS, on the | cannot be conquered by any other treat | Company.

## THE CHINA MAIL.

HONGKONG, FRIDAY, AFRIL 17, 1868. THE HONGKONG ASSOCIATION. THE meeting of China residents, of which we gave a report yesterday, is without doubt satisfactory, as tending to direct home public attention to this colony. The report so fully speaks for itself that much comment is unnecessary, save upon one point of vital importance to Colonial interests. Mr Kingsmill, whose opinion seemed to be strongly endorsed by a ma. jority of his hearers, and whose remarks were, in the main, thoroughly to the point, backed the opinion of the Chairman that the home "Hongkong Association" was not to be an echo of the Colonial Association. These gentlemen talked a good Cash only." Deep dog that ! deal about working with our local society, but strongly repudiated the view that they had banded themselves together to advance whatever views might be put forth by resident colonists, and instanced the late Memorial as a document they would not like to adopt. Without, at this moment, discussing the various questions which might be raised as to that document or any other proceedings which have been taken in this Colony, we must confess to sharing Mr Gibb's opinion carrying out the views of the Colonists with of course the proviso that action should be limited by the superior facilities which it possesses of judging what measures can be reasonably upon parliamentary attention. We would, in fine, make the local, subordinate to the [home, Association, Let all resolutions, memorials, etc., etc., be, in the first case, transmitted to the rangement like this be not arrived at there will be little help gained from our friends at home. It is even possible that MR STEPHEN MASSETT, whose last perfor to get out of the engagement they had volun two associations, having nominally the mance in China will be given in Hongkong tarily entered into. It was a very serious doubt as to which will prove the more might be some drawbacks to such a course.

## CHINA MISSIONS.

conspicuous.

THE Edinburgh Weekly Review repor "the annual meeting of the Chinese Mission to Amoy," held in that city a short time since. There would be nothing rate as to produce peals of laughter. Mr coolie; their names were written on the tickets in a meeting of this nature to attract Stephen Massett's entertainment was loudly by witness before he gave them the tickets. peculiar attention were it not that the applanded by a numerous assembly of The man who took the complainants on chairman, General Walker, indulged in certain statements of so very doubtful a nature as to expose his advocacy to the charge of obtaining support under a Courier.)-"Mr Stephen Massett gave his entering the names.-Mr Bank, the Dutch subscribers. We have not the slightest intention of finding fault with Missions, so long as their promoters refrain from Henry E. Fox Young, Lady Young, Sir the number of coolies; and that he got \$75 as plaintiff, stating that Bailey was doad, making misstatements. But it becomes a duty to contradict any assertions which campbell, Campbell, Captain rieary maine, and Chan Aling, who is employed at the are at variance with facts. At the and at once established himself in the Man Fook Wo Koon, identified the two Walker is reported to have said :-

"That there were two features in connection with the Amoy Mission to which he could not help adverting. The first was the great desire and the great readiness to receive the truths of the Gospel which had been manifested in China, and which was so much greater than among the natives of Hindostan. Another and very striking feature was the remarkable and extensive use that had been made of native agency in carrying out the operations of the mission."

Now, as regards the second assertion, we have nothing more to say than that the gallant General's rendering of the words "remarkable and extensive" differs from the commonly received versions. But as regards the assertion respecting the "great desire and great readiness to receive the truths of the gospel" manifested in China, we progospel" manifested in China, we pro- Choi Asiu, a married woman aged 27, the Emigration company, and it was therenounce it to be utterly unfounded in fact. was charged with having attempted to com- fore eminently a case for the severest a person may have been induced to her miserable existence. Shanghar Recorder May 7, and Supreme Court and Consular Gazette, May 11, 1867 -A very useful book has just been issued from the Press in Hongkong under the title of the " Guide Book and Vade-mecua to the Treaty Ports of China and Japan, compiled and edited by Mr N. B. Dennys The Book is very conveniently got up ; is interspersed with maps of the various treaty ports, and contains, besides much useful local information, historical sketches of much interest. Our readers will feel nathe "Murray" for China.

From the Hankow Times, May 18. We feel it to be a public duty to take the first opportunity of calling attention to the Guide Book and Vade Mecum " just i sucd for "travellers, merchants, and resi dents in general," in the Treaty Ports China and Japan, by Messrs Shortrede & Co., of Hongkong. \* \* \* The order description of the various places follows their position on, or from the coast, as we go northward. In each instance the histo-CUM FOR TRAVELLERS, MERCHANTS, Ty, position, means of access, accommodation, foreign residences, public buildings community, mode and cost of living, cli mate, associations, amusements, places of ingovernment, natural history, productions and statistics of trade are given, along with a miscellaneous detail of facts and incident in connection with particular localities. So far as we are able to practically test the individual descriptions of the various places, they are given with a considerable degree of fairness and fulness. Peking, Yedo, and Macao are wisely included in the general survey. \* \* \* The value of the book is greatly increased by a most copious index. and the work closes with a set of useful appendices, ... The last of these is the greatest novelty of the work. It consists of a bibliographical index of all formal works pubished from the earliest date in the English language on China and Japan, Philological bor is are, for some reasons best known to the compilers, entirely excluded.
